#### EXTRAVAGANT WIFE WASTE PAPER PILES UP Many Troops Gather as Much a SCORED BY SPEAKER

Surprises awaited the missionaries to the Boy Scout groops last night, when they went around to encourage the boys in the new paper saving campaign. At several of the troops it was found that more than 500 pounds of paper had already been gathered.

The Rev. J. R. Wright, Deputp Scout Commissioner J. W. Patton, James I. Lee, and Ralph H. Campbell were out for about four hours last evening meeting the boys at their various troop headquarters. Economist Declares Woman Who Spends More Than Just

A wife who spends more than twice as much for clothes as does her husband is taking an unfair advantage of the expenditure of household funds, according to Prof. Benjamin R. In making a piea for employment of a family budget, Prof. Andrews not only told specifically how to make budgets according to certain yearly wages, but pointed out definite ways of saving, as a result of expending money according to those budgets.

Speaks of Savings.

In addition to the discussion of the budget system to be employed in the budget system to be employed in the household, Prof. Andrews spoke of the savings which would accrue from installation of such a system, and the treatment of it. # Is "Peace Without Victory" A Dream, or a Prophecy?

Two unprecedented incidents have been recorded in the cable dispatches since President Wilson outlined before the United States Senate the kind of peace that "the peoples of America could join in guaranteeing." On the day following his speech a great conference of the British Labor Party in England rose to its feet and applauded for five minutes at the casual mention of President Wilson's name—and then enthusiastically voted its unqualified support to the British Government in carrying the war to a victorious conclusion!

The other incident was the sending to President Wilson from the Allies' trenches in France of a number of circular letters each signed by three hundred soldiers, thanking him for his generous intervention, but asking nim to "dream no longer of the chimera of peace until victory is
